To Whom It May Concern

This is to certify that **Shanno Rao, 62/year**, mother of Mr Manoj Raja Rao, 38year /M, resident of Bangalore is suffering from severe osteoarthritis of right hip. She needs a total hip replacement of the right hip as soon as possible to relive pain and improve mobility. She will need support from her son or family to take care of her during surgery. Radiographs of her hip are enclosed for your information.
